

Client Testimonials

Dear Mr. Candelore and the staff of Men's Legal Center: Thank you, Men's Legal Center, for your professional and personal attention you gave to my case. Thank you for your tenacity and knowledgeable handling of my case from the beginning. Because my case was handled properly from the beginning, I ultimately saw a complete resolution and an end to the divorce legal battles. It was a lot of hard work and emotionally tiring, but in the end the battle was won. The results paid off not just for the moment but for the years to come. Prospective clients need to realize that their case needs to be work up right from the beginning. Prospective clients need to seriously think about this point. Many of my friends have divorces that have gone on forever. Because of your outstanding service and determination, my future relationship with my son was stronger and for this I will always be grateful. The only legacy we really leave behind is our relationship with our children. Again thank you for your special attention you gave my case and I will continue to refer friends to your firm. Warmest regards

Tom Stolzoff, Carlsbad, CA

I came to you with a nightmare case and you helped me get through the mess. Thank you for your competence, dedication and perseverance. Thank you for a job well done. You went the extra mile. I would highly recommend you to any and all potential clients who need good representation in family law.

I'm a father of 4, whose divorce was your typical mess. My divorce had it all, property issues, taxes and child custody issues just to name a few. As men we think there's no way we have a chance at anything and that all is lost. The Men's Legal Center and staff made sure that was not the case.

With Craig Candelore's knowledge of the law and his professional approach to my case was truly astonishing. I was informed every step of the way via email and phone conversations. He understood that, as a single dad, it was difficult at times to meet him in his office. He made time for phone meetings and would email me documents pertaining to what we were discussing for my convenience. This is why it is so important to choose the right person to represent you and act as an advocate on your behalf. Craig was that advocate. He also patiently guided me through everything that I needed to know in order to prepare me for the courtroom proceedings on what marked, to date, the most important event in my life. My case, like all cases, came to an end and I can truly say I wasn't surprised by the outcome...Craig delivered! I walked away knowing that he gave 110%, I would highly recommend Men's Legal Center to anyone else who is coming out of an relationship

I live in Massachusetts, so when I recieved a paternity letter from the state of California claiming that I was the father of a child that wasn't and couldn't possibly be mine, I knew I needed representation. I called on Marc Angelucci. He did everything that was necessary in getting the case against me dismissed. Thank you Marc! You saved me from the state's paternity scam.

Sincerely - Kenneth R.

Marc Angelucci did an amazing job at my custody court hearing. He persuaded the Judge to order my husband to return my son to me as soon as possible. I have not seen my son in months. My birthday is today. Marc gave me the best birthday present I ever had in my life

Thank you from the bottom of my heart! - Melody

My name is Michael Owen I am a criminal attorney in San Diego. I had a gentlemen come into my office by the name of Phillip Del Rio he was in need of a Family Law Attorney. I went on the internet and discovered your web-site. Subsequently I called your office to see if you would be able to help him. The reason for sending this e-mail is because, I think when you come across a person that has genuine concern for others and goes out of there way to help you it is something that should be recognized. The receptionist Angelique I must say was the nicest receptionist I have had the pleasure of coming across. She was patient because, I was not sure what the gentlemen in my office was looking for as far as help. She had this genuine concern that would be comforting to any potential client that you may have. I scheduled the appointment with your office for April 25, 2008. I would just like to say that your office is very lucky to have such a lovely lady working for you and I would be more then happy to refer any future client's that I may have that are in need of a Family Law Attorney.

Sincerely - Michael J. Owen

My ex filed a bogus restraining order against me, and demanded that our child be taken away from me. If it had gone through, I may have lost my job and my career, and my child . Fortunately, I went to the Men's Legal Center, and retained Dean Schreyer. He helped me defeat the restraining order and reinstate my relationship with our child. He also helped me get a favorable modification of our property settlement and an end to my spousal support payments. He consistently spoke to me with respect and always explained things in a way that was easy for me to understand. If you need a family law attorney, I recommend that you see Mr. Schreyer.

Thank you Dean & Leita for all your help. I'm sitting here on my floor with boxes still packed up in my new place (great ocean view). I'm missing Nicolas very much, but things are looking better for me. Thank you again for helping me make it better.

I just wanted to say a much deserved thanks to you for all your hard work and efforts regarding my case. You were great about returning calls, emails and all correspondence. You took the time to answer any concerns, questions and handled the case in a step-by-step strategy that made me believe in you and your firm. I felt reassured in knowing that "Win or Lose" your firm had covered all the bases. I do not say this lightly when I say having you represent me was money well spent.

I am a female Deputy Sheriff from Victorville and a mobilized Army Reservist in San Diego. I found myself the non-custodial parent fighting for visitation and trying to reunify with my child after deployment. The Men's Legal Center® understands the non-custodial parent's issues and military issues. I unequivocally recommend the Men's Legal Center® for any non-custodial parent or military person.

Thanks! Susan Sandson

I am pleased to say that final judgment has been entered in my dissolution matter. I greatly appreciate Dean Schreyer's counsel and responsiveness when I had questions. Please add me to your list of references. I appreciate your counsel.

Thanks again. William Johnson, Esq.

I was very pleased and blessed by the services of Dean Schreyer. He successfully helped me win my guardianship case.

Thank you for everything. Nicole Hackley

I write in appreciation of the excellent services your firm gave me in this most difficult and stressful time in my life. I came to you panic stricken and lost in the legal jungle and you guys calmed me down and assured me everything would be alright. Your firm not only fixed it so that I could see my daughter again, but also did such an outstanding job on the other matter that it was thrown out of court. Through out this ordeal you guys kept me informed of the progress in both cases, both by phone and mail so I never had a question about the hard work your firm was doing on my behalf. And I must say that the difference between going into court with a lawyer and going at it alone is the difference between having something resolved in a matter of weeks as opposed to a year of haggling with your wife and the court for going on a year. And the only thing I regret in all this is that I didn't come to you guys from the beginning.

I have gone through a difficult divorce this past year, and Kevin A. Polis has provided me with very helpful information every step of the way. He has answered e-mails almost immediately, addressing each question succinctly in a supportive manner. It has been made immeasurably less painful by his diligence and availability. I would consider his counsel a bargain at twice the price.

Paul E. - San Diego, CA

I want to send a HUGE THANK YOU to Kevin A. Polis for his legal assistance. Kevin was able to provide me with a very clear and honest assesment to my case. He was there to help and not just make another dollar. He gave to me much needed prespective and insight into my legal situation as the custodial parent. He returned my phone calls and emails in a very timely manner, knowing the deadlines that I faced. He and his office staff were very friendly & extremely helpful. Kevin made an unpleasant situation just a little more comfortable for me with his confidence and expertise.

Thank you, Kevin!! Angie Fetrow - San Diego, CA

A well deserved 'Thank You' to Mr. Kevin A. Polis and The Men's Legal Center® for their excellent service and professionalism. My divorce case was very complicated and it involved third party real estate matters. However, Kevin handled the situation with ease and advised me on things that were in my best interest. In addition, The Men's Legal Center® was sympathetic to my financial situation during this unfortunate time and worked with me to resolve my payments to them. Choosing The Men's Legal Center® to handle my legal matter was well worth it.

Ronnie L. Alexander - San Diego, CA

I want to thank Kevin Polis and his staff at the Men's Legal Center for being so helpful and understanding of my situation. Kevin helped me through the entire divorce process and his staff is very efficient and friendly. They really understand what men go through when they are faced with family court matters. I not only have custody of my son but I was able to still maintain my finances in a relatively stable manner. Kevin was able to successfully negotiate a settlement that was beneficial not only to me but to my son as well. Now that it is all behind us we can move on with our lives thanks to Kevin and his staff. I would highly recommend Kevin Polis and the Men's Legal Center to anyone that needs professional and courteous representation. THANKS AGAIN Kevin.....

Art Perea - San Diego Police Officer

After finalizing my divorce proceedings my ex spouse had incorrect child support orders filed and I was ordered to pay an amount which I could not afford to pay. I was referred by a friend to contact Kevin Polis. Kevin immediately contacted me and explained to me exactly what avenues we would have to pursue to get this court order rectified. Kevin and his paralegal stayed in weekly contact with me up until our court date, keeping me informed that all was taken care of. On my day in court I was simply amazed by the representation that I had acquired from Kevin Polis. Each and every issue that was submitted to the court was analyzed by Kevin and recomputed to the proper amounts so that I was able to afford to pay my child support without any worries. Kevin represented me vigorously in court and I couldn't have asked for better results. I will refer the Men's Legal Center to everyone that I know. Thanks to the entire staff and Kevin Polis I am worry free and starting to rebuild my life.

A Father

After having NUMEROUS poor experiences with legal counsel in San Diego, I was finally recommended to Kevin Polis and the Men's Legal Center®. It was hard enough dealing with my child custody issue from out of state, but Kevin made my situation easier to deal with than I ever possibly could have imagined. On top of all this he was very expense-conscious throughout the process to my slim budget. I very rarely give out recommendations, but I would HIGHLY recommend Kevin Polis to any prospective client.

Thanks Again! Perry Babel - Lakewood, Colorado

I was at my wits end fighting with my son's mother back and forth, in and out of the courts to no avail. I went to the Men's Legal Center® and met Attorney Kevin Polis, my life hasn't been the same since. Attorney Polis represented me with the utmost respect and professionalism. He researched the history of my case, brought everything to the forefront, presented it to the Judge in a well prepared manner and today I have all my rights and privileges to be the father to my son the way I have always desired to be." We won, thank you Attorney Polis and the Men's Legal Center® for taking my case personally and seeing to it that justice is served. Father's have rights too.

Anthony Miller - Enjoying fatherhood.

I want to thank Kevin A. Polis and the entire team at M.L.C. KEVIN MADE TIME TO SEE ME IMMEDIATELY. Challenging and incomprehensible D.C.S.S. issues made their way to my door by way of the U.S. Postal Service. The first thing Kevin did was calm me down over the phone and take control of the situation. He assured me he would get right on my case and produce the information I needed to make sense of what was taking place. Kevin did exactly that. He made time for me the following morning, explaining exactly what was about to happen and what my rights were. In just over a week I had all the information I needed and phone calls were returned that same day. Kevin, thank you again for all of your help and please pass my thanks on to the entire team at M.L.C.

When I found out that my daughter's mother was taking me back to court I was scared but I knew whom to turn to for help. I contacted The Men's Legal Center® and spoke to my attorney Kevin A. Polis. The entire staff at the Men's Legal Center® was very understanding and helpful. Kevin assured me not to worry about my daughter's mother and that he would do whatever it takes for me to still have 100% custody. This was the second time that I have received advice from Kevin. On the day of the court hearing the judge granted me 100% custody of my daughter. I would like to thank everyone at Men's Legal Center® for their help in maintaining full custody of my daughter. I would like to recommend their services to anyone that needs help in a child custody battle.

A Satisfied Father

My experience with Kevin A. Polis and the Men's Legal Center® has left me with great respect and appreciation for your firm and you. A big THANK YOU to Kevin A. Polis, Leita and The Men's Legal Center® for handling my case in such a great way, the outcome was even better than I was expecting. Even though I live in Arizona, Kevin and Leita were always making sure that I was informed on every issue and they handled my case in a very professional matter. Thank you also for representing not only fathers but mothers as well.

I am active duty military with 2 kids that live out of state. I have been dealing with Kevin A. Polis to help me crunch the financial numbers and get my support straightened out. Kevin has gone above and beyond my expectations! He is prompt to return my phone calls and provide me with all the information I need. He has even called me on the weekend to update me on things pertaining to my case. If you are on the fence about seeking legal advice for your divorce, I am here to tell you that The Men's Legal Center® can help out. The initial consultation was the best \$60.00 I have spent in a long time.

An Active Duty Service Member

I am very grateful to the Men's Legal Center® and our attorney Kevin Polis. I got more solid information and good advice from my initial consultation with Kevin than I received in months of research and trying to do things myself. As a result of Kevin's prompt and aggressive action I won custody of my daughter and was able to bring her safely home. She is thriving now because of it. Kevin is a terrific attorney who also has a heart for a man's plight in dealing with the legal system that can often be so skewed against us. I could not recommend him more highly.

Thank you, with all of my heart, Robert

I am not one to send a testimonial regarding legal assistance that I have received, but my recent experience with Kevin Polis at the Men's Legal Center® was professional and outstanding. The services I was provided to close a child support case was effective and efficient, whereas I was able to close my case in one day. At first I was somewhat hesitant because the name "Men's Legal Center®", but based on my experience this is an agency that is available to anyone that requires their services, and I assure you that you will receive high quality and component legal assistance.

Thank You. Cindy Romaine - San Diego, CA

I would like to share my second experience of needing legal assistance in my divorce case. After retaining the Men's Legal Center® I really understood the meaning of a professional legal team. I felt as though someone was truly representing me and looking out for ALL of my interests. None of my messages were lost, all of my calls left on voice mail got returned with complete answers and nothing got messy. The staff working "behind the scenes" also made this experience much more palatable. The Men's Legal Center® gave me a secure feeling of representing me with truth, honesty, and conviction. I know in my heart that if my case went any further I had a competent team of attorneys and a very competent staff to help me to another victory. I just wanted to thank everyone at the Men's Legal Center® and Kevin and Gerald Polis.

Thank you. Marcus Allen - San Diego, CA

I contacted several lawyers in California and North Carolina as I tried to figure out some basic answers to some key questions concerning my pending visitation case. My situation was complicated because our previous agreement was not filed with a court and she lives out of state with my two daughters. All the lawyers I spoke with had a passive attitude about which court would have jurisdiction and didn't convince me they were willing to take a difficult case and fight for me. When I finally met Attorney Kevin Polis, I immediately had a sense of relief that I found the person with the right attitude to help me present my case. I won my case and now have a court order that eliminates any need to argue over visitation issues. Hiring Kevin Polis was worth every penny due to the reduction in stress and anxiety I dealt with as we progressed toward a winning conclusion. I would highly recommend Mr. Polis to anyone that is in a similar situation.

This is just a quick note to let you know that I was very pleased with the top-notch and professional service that was provided to me by the Men's Legal Center®. Kevin Polis was quick to take my case and provided all the information that I requested.
